**CM Am Em Em**

Hummm....

**CM Am Em** \*harmonics\*

Hummm...

**CM Am Em Em**  
Come walk with me along the sea

**CM Am Em Em**  
Where the sunshine warms the land,

**CM Am Em GM**  
And search with me for treasures free,

**CM Am Em Em**  
Like agates in the sand

**Fmaj7 Fmaj7 G6 G6**  
Come wade with me, into the sea

**Fmaj7 Fmaj7 G6 Gadd2 G6**  
And roil the foaming waves

**Fmaj7 Fmaj7 G6 G6**  
We'll speak in awe, of the things we saw

**Fmaj7 Fmaj7 G6 G6**  
In the damp and darkling caves.

CM            Am            Em            Em  
We'll stand so tall        on the high cliff wall  
CM            Am            Em    Em  
Let the sea breeze fan our hair  
CM            Am            Em            GM  
Watch the sand crabs crawl, hear the sea gulls call  
CM            Am            Em  
As they wheel upon the air

CM            Am            Em            Em  
Then sleep so sound, hearing the waves pound  
CM            Am            Em    Em  
In the not-so-distant surf  
CM            Am            Em            GM  
Wake in the morn,        to the old foghorn  
CM            Am            Em    Em *\*harmonics\**  
As the new day's given birth

Fmaj7            Fmaj7            G6            G6  
So come wade with me,        into the sea  
Fmaj7    Fmaj7            G6    Gadd2    G6  
And roil the foaming waves  
Fmaj7    Fmaj7            G6            G6  
We'll speak in awe,        of the things we saw  
Fmaj7    Fmaj7            G6    G6  
In the damp and darkling caves.

CM            Am            Em    Em  
We'll sit and chat,        of this and that  
CM            Am            Em    Em  
As we watch the rolling waves  
CM            Am            Em            GM  
Of our loved ones gone,        and how before long  
CM            Am            Em    Em  
God will open up the graves

CM            Am                    Em                    Em  
As we wipe our tears,            reviewing the years  
CM            Am                    Em                    Em  
We'll rejoice in hope so near  
CM                    Am                    Em                    GM  
Back to the sand we'll go,            faces aglow  
CM            Am                    Em                    Em  
Sharing all we hold so dear

Fmaj7            Fmaj7                    G6                    G6  
So come wade with me,            into the sea  
Fmaj7    Fmaj7                    G6            Gadd2    G6  
And roil the foaming waves  
Fmaj7    Fmaj7                    G6                    G6  
We'll speak in awe,            of the things we saw  
Fmaj7    Fmaj7                    G6                    G6  
In the damp and darkling caves.

CM            Am                    Em                    Em  
Come walk with me            along the sea  
CM            Am                    Em                    Em  
Where the sunshine warms the land,  
CM    Am                    Em                    GM  
And search with me            for treasures free,  
CM    Am                    Em                    Em  
Like agates in the sand  
CM    Am                    Em                    Em  
Like agates in the sand  
CM    Am                    Em                    *\*harmonics\**  
Like agates in the sand
